anything. It's a FABULOUS boat! The Exciters are the most maneuverable of the Yamaha line. The 270 Exciter has more acceleration and about 3 MPH top speed, but uses more fuel to do it. The Exciters have the Screw-in style cleanout plugs, which are much less prone to blowing out than the Snap-in style.

Equipment, Boat Value ...

I have an 1997 yamaha exciter 220 jet boat. It had been running fine until this past weekend. The starboard engine will not shut off with the key and only seems to run to about 3500 rpm. It will get up to 4000 but seems to develop a miss at the higher rpm then it will flatten out and not go above 4000.
