Citizens Broadband Radio Service is a 150 MHz wide broadcast band of the 3.5 GHz band in the United States. In 2017, the US Federal Communications Commission completed a process which began in 2012 to establish rules for commercial use of this band, while reserving parts of the band for the US Federal Government to limit interference with US Navy radar systems and aircraft communications. On January 27, 2020, the FCC authorized full use of the CBRS band for wireless service provider commercializ
