European expansion since 1763. The global expansion of western Europe between the 1760s and the 1870s differed in several important ways from the expansionism and colonialism of previous centuries. Along with the rise of the Industrial Revolution, which economic historians generally trace to the 1760s, and the continuing spread of industrialization in the empire-building countries came a shift ...

#### Western colonialism - European expansion since 1763 ...

The age of modern colonialism began about 1500, following the European discoveries of a sea route around Africa's southern coast (1488) and of America (1492). With these events sea power shifted from the Mediterranean to the Atlantic and to the emerging nation-states of Portugal, Spain, the Dutch Republic, France, and England.

#### Western colonialism | Definition, History, Examples ...

While some Norse colonies were established in north eastern North America as early as the 10th century, systematic European colonization began in 1492, when a Spanish expedition headed by the Italian explorer Christopher Columbus sailed west to find a new trade route to the Far East but inadvertently landed in what came to be known to Europeans as the "New World".

#### European colonization of the Americas - Wikipedia

Perhaps European colonization's single greatest impact on the North American environment was the introduction of disease. Microbes to which native inhabitants had no immunity led to death everywhere Europeans settled. Along the New England coast between 1616 and 1618, epidemics claimed the lives of 75 percent of the native people.

#### European colonialism since 1700 by James R. Lehning by ...

The colonial encirclement of the world is an integral component of European history from the Early Modern Period to the phase of decolonisation. Individual national and expansion histories referred to each other in varying degrees at different times but often also reinforced each other. Transfer processes within Europe and in the colonies show that not only genuine colonial powers such as ...

#### Colonialism and Imperialism, 1450-1950 — EGO

Conversionary efforts in the New World mirrored attitudes and practices in the Old. Christendom remained as much a project in the New as in the Old, and thus religious differences remained as problematic in the Americas as they did in Europe. Images of military conflict—combat, battle, and victory—language familiar on the Continent—infused the outlook of early modern Catholic ...
