The Power of Pricing. Innovation04-22-2014. By Jason Green, Managing Director, The Cambridge Group. There's nothing like the power of setting your own prices. It's not something every brand can do, and most brands are actually price takers that accept the prices established by the market. But, when a company offers something that can't be beat, it creates a significant and lucrative business lever—the ability to name your own price.

### The Power of Pricing - Nielsen

They introduced auctions whereby the bidder with the lowest electricity price would win the development rights for a certain location. Fierce competition ensued, with prices dropping by as much as 50 to 80 percent from 2015 to 2018. The merchant risk undertaken by developers remained limited—but this is changing rapidly.
