Stلالuna

Stلالuna is a 1993 children's book by Janell Cannon about a young fruit bat, Stلالuna, who becomes separated from her mother and finds her way to a nest of birds. She is adopted by them and learns bird-like behavior. Eventually, Stلالuna finds other bats and reunites with her mother, and she learns how to behave like a bat.

Stلالuna - Movies on Google Play

Stلالuna is a children's book about a young bat who learn the ways of the birds in life, how they eat and sleep etc. Actually, this one is the story of our lives. As a child we are protected by our family, especially our mothers by owls (danger) in life. As we grow older we learn things and go our ways, specifically schools.

Stلالuna by Janell Cannon - Goodreads

This award-winning picture book, a clever, original variation on the theme of the ugly duckling, follows the adventures of a lost baby fruit bat and her efforts to fit in. Accidentally dropped by her mother, helpless Stلالuna falls into a nest of bird fledglings, where she is graciously accepted as one of the family — as long as she acts like a bird and doesn't confuse her adoptive siblings.

enough to fly, she finds out that not all winged creatures eat fruit. Swallowing food that crawls is just one of the many amazing things this little fruit bat must learn to do.

Watch Stلالuna - Storyline Online

Stلالuna is a baby fruit bat who is separated from her mother when a predator attacks. She lands in a bird's nest and is raised with baby birds until being reunited with her mother. The happy ending keeps this book from being too scary, and there is a lot of great information about fruit bats shared within the context of a fictional story.
